Bangladesh Water Development Board

Memo. No. : PD/ECRRP/RMIP/EoI(AMS)/1492

Dated: 28.05.2015

REQUEST FOR EXPRESSION OF INTEREST (REOI)

For

Development, Implementation and Operationalization of Asset Management System of Brahmaputra Right Embankment

Project: River Management Improvement Project (RMIP), Phase-I (Proposed)

The Peoples Republic of Bangladesh has applied for financing from the World Bank towards cost of the River Management Improvement Project (RMIP), Phase –I (Proposed) and it intends to apply part of the proceeds for the consulting services.

The consulting services (“the services”) include the Development and Operationalization of an Asset Management System (AMS) of Brahmaputra Right Embankment (BRE) along the Jamuna-Brahmaputra River system. The proposed project (RMIP-1) is the first phase of the three-phase RMIP. The first two phases will improve overall flood and erosion management control through civil works, institutional strengthening, and strategic planning for river management. The third phase will improve transport through the development of an access-controlled road on the embankment.

RMIP-I or Phase I will specifically focus on improving flood and erosion control within a designated area, the **priority reach**. The priority reach is approximately 50 km, stretching from Simla to Hasnapara, and is exposed to high rates of erosion. It has been selected based on technical, environmental, social, economic, and geographic criteria.

The objectives of the Services include the design, development, and implementation as well as operationalization of an Asset Management System (AMS) for Brahmaputra Right Embankment (BRE) starting from where it enters Bangladesh down to its confluence with Padma and also the Teesta Right Embankment from Kaunia to its confluence with Brahmaputra/Jamuna River, and optimally manage existing assets for sustained benefits at sustainable cost, and develop new assets as needed. The Consultant is expected to assist the Project for the total project duration of **2.0 years**. The AMS Consultant will report directly to the Project Director.

The Bangladesh Water Development Board now invites eligible Consulting firms (“Consultants”) to indicate their interest in providing the Services. Interested Consultants should provide information demonstrating that they have the required qualifications and relevant experience to perform the Services. The short listing criteria are:

1. General Experience of the firm in consultancy services around the world (expected years of experience should not be less than 10 years);
2. Specific experience of the firm in Development and Operationalization of an Asset Management System (AMS) of large civil works project implementation around the world including projects in developing countries (in the last 5 years);

3. Firm's available human resources under direct payroll at the time of EOI submission that demonstrate the capability of the firm to handle large consultancy assignment;
4. Firm's available other resources e.g. available office spaces in all location, financial strength in terms of yearly turnover in the last 3 years, line of access to finance;
5. History of litigation (if any) in courts or any arbitration proceedings with brief description;

The firms should provide only relevant information in concise form and the EoI package must not exceed more than 25 pages.

The attention of interested consultants is drawn to paragraph 1.9 of the World Bank's guidelines: Selection and Employment of Consultants [under IBRD Loans and IDA Credits & Grants] by World Bank Borrowers, [January 2011 revised July 2014] ("Consultant Guidelines"), setting forth the World Bank's policy on Conflict of Interest. In addition please refer to the following specific information on Conflict of Interest related to this assignment: *"Bank policy requires that consultants provide professional, objective, and impartial advice and at all times hold the client's interest paramount, without any consideration for future work, and that in providing advice they avoid conflicts with other assignments and their own corporate interests. Consultants shall not be hired for any assignment that would be in conflict with their prior or current obligations to other clients, or that may place them in a position of being unable to carry out the assignment in the best interest of the Borrower."*

Consultants may associate with others firms in the form of a joint venture or a sub-consultancy to enhance their qualifications (please mention clearly the nature of association in terms of joint venture or sub-consultancy only). In case of joint venture, the joint venture partners' capability will be taken into consideration and relevant information should be submitted along with the EoI.

A consultant will be selected in accordance with the **Quality Based Selection (QBS)** method set out in the consultant guidelines.

Further information can be obtained at the address below during office hours [*from 0900 to 1700 hours*] in all working days seven days prior to deadline of submission of EoI.

Expressions of interest must be delivered in a written form to the address below (in person, or by mail, or by fax, or by e-mail) by [*before 1200 hours of 07 July 2015*].

If the deadline specified herein falls on a government holiday; the deadline shall be extended automatically to the next working day at the same hour.
